**Arrive to Casa Carlos Santa Fe**

Follow the 5th Avenue (i.e. 5ta avenida), which is the main Havana avenue. You will pass Marina Hemingway’s entrance door. There is a shop (former Gasolina Oro Negro), a big parking place and a restaurant at the end of 5ta avenida which continues as Carrera Panamericana – a curve. Casa Carlos Santa Fe is situated just across the street.

Please print out this notice. It is just that the streets are really poorly labeled in Cuba, and the Casa Carlos Santa Fe is situated in a non-labeled street. It is also not permitted to put any billboards in the 5ta avenida, so you cannot see any Casa Carlos Santa Fe label. If you drive at night, please watch right from the main street for the shopping centre. On the other side of the street 5ta is our house. The **direction** is pinte on the garage door. Please walk inside the **corridor** to find the **house** where Carlos lives, there you receive the keys.
